**** This disc is for Computer Use Only ****

Children's literature including stories, books, poems, rhymes, and folklore that are enjoyed by children have been told and retold from generation to generation. This collection has more than one thousand books and thousands of thousands of stories that can be read, printed and recited to the delight of all children.

We have included the classics:

- The Mother Goose and Grimm's Fairy tales
- Cinderella
- Alice in Wonderland
- The Wonderful Oz collections (yes there were many more other than the Wizard of Oz).

- Also included are thousands of stories from around the world that will amaze children of all ages. Stories from Japan, Russia, Great Britain, Canada, Celtic, Dutch and so many more that it is impossible to list them all!

Many of these wonderful stories can be traced back to children's stories and songs that were told in the oral tradition, that adults shared with children before publishing ever existed. Even after printing became widespread, many classic "children's" tales were originally created for adults and later adapted for a younger audience. Since the 1400's, a large quantity of literature, often with a moral or religious message, has been aimed specifically at children. The late nineteenth and early twentieth centuries became known as the "Golden Age of Children's Literature" as this period included the publication of many books acknowledged today as classics. This collection is a must have mix of almost every beloved story ever told! You can print them by book, page or chapter over and over again so bedtime can be a special exciting time with a new story every night!
