Police in thirty states are on the lookout for Mack Bolan. The FBI is on his trail. He's on Interpol's red list. There is virtually no law enforcement agency unfamiliar with his name, or his game.

But the people most anxious to put him out of business are on the other side of the law: that organized cartel of crime and corruption. Yes, J. Edgar, there really IS a Mafia!

Bolan's sole purpose in life is to exterminate it. In this, the tenth chapter in his Doomsday Book, the Executioner invades the Mafia strongholds in the Caribbean.
