Fundamentals of Ecology

Eugene Odum, Gary W. Barrett

Fundamentals of Ecology Eugene Odum, Gary W. Barrett

The late Eugene Odum was a pioneer in systems ecology and is credited with bringing ecosystems into the mainstream public consciousness as well as into introductory college instruction. FUNDAMENTALS OF ECOLOGY was first published in 1953 and was the vehicle Odum used to educate a wide audience about ecological science. This Fifth Edition of FUNDAMENTALS OF ECOLOGY is co-authored by Odum's protege Gary Barrett and represents the last academic text Odum produced. The text retains its classic holistic approach to ecosystem science, but incorporates and integrates an evolutionary approach as well. In keeping with a greater temporal/spatial approach to ecology, new chapters in landscape ecology, regional ecology, and global ecology have been added building on the levels-of-organization hierarchy. Also, a final chapter entitled "Statistical Thinking for Students of Ecology" provides a quantitative synthesis to the field of statistics. Contemporary and engaging, this text brings clarity and specificity to the study of ecology in the twenty-first century.

From reader reviews:

Winston Craig:

Reading a book for being new life style in this season; every people loves to examine a book. When you examine a book you can get a lot of benefit. When you read publications, you can improve your knowledge, because book has a lot of information on it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your analysis, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, such us novel, comics, along with soon. The Fundamentals of Ecology provide you with a new experience in looking at a book.

Joshua Phipps:

Is it you actually who having spare time then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This Fundamentals of Ecology can be the respond to, oh how comes? The new book you know. You are and so out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these ebooks have than the others?

Tisha Betancourt:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just small students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Fundamentals of Ecology can make you really feel more interested to read.

Margaret Honig:

Some individuals said that they feel weary when they reading a e-book. They are directly felt that when they get a half regions of the book. You can choose the particular book Fundamentals of Ecology to make your reading is interesting. Your current skill of reading skill is developing when you like reading. Try to choose basic book to make you enjoy to learn it and mingle the feeling about book and reading especially. It is to be initial opinion for you to like to open a book and go through it. Beside that the reserve Fundamentals of Ecology can to be your friend when you're experience alone and confuse with the information must you're doing of that time.
