Manage It!: Your Guide to Modern, Pragmatic Project Management Johanna Rothman

This book is a reality-based guide for modern projects. You'll learn how to recognize your project's potholes and ruts, and determine the best way to fix problems - without causing *more* problems.

Your project can't fail. That's a lot of pressure on you, and yet you don't want to buy into any one specific process, methodology, or lifecycle.

Your project is different. It doesn't fit into those neat descriptions.

Manage It! will show you how to beg, borrow, and steal from the best methodologies to fit your particular project. It will help you find what works best for *you* and not for some mythological project that doesn't even exist.

Before you know it, your project will be on track and headed to a successful conclusion.
