## **Inside the Bubble** Noga Niv

In *Inside the Bubble*, a captivating tale of high-tech and female friendship, Noga Niv takes us to Silicon Valley at the turn of the millennium, when the collapse of the dot-com bubble had produced thousands of new millionaires and left behind many frustrated contenders who'd hoped the gold rush would never end. Against the backdrop of California Internet culture unfold lives and stories from Silicon Valley's émigré Israeli community.

Daniela, a clinical psychologist and mother of three, has followed her husband from Tel Aviv to the center of technological innovation, where she and her four closest female friends live in material comfort but grapple with homesickness. The women contend with the changing dynamics of their marriages, and their individual transitions into middle age. They talk openly about men and women, about Americans and Israelis, and about life far from the home country. Secrets are half-spoken and plans are formed that will determine the course of their future.
