Note from the Author:

This book has now gone through multiple editors since the release in 2010: The total I have spent is more than 3K, just for the file you are about to read. If there are still mistakes, I apologize. However, I am done with editing this file now. I have other books to be written. If you can overlook the occasional typo that may still linger and give it a fair chance, this series will stay with you. It encompasses more than seven genres, and has taken me twenty years to make available around the world.
