Beginning Access 2003 VBA Denise M. Gosnell

What is this book about? Written by an Access programmer with more than 10 years of VBA experience, this is the perfect guide for Access users who are ready to take their databases to the next level, or for programmers who are new to Access or VBA. Veteran Access developer Denise Gosnell shows readers the ins and outs of Access VBA and provides plenty of source code, and fully developed sample applications to guide you along the way. Not only do readers learn to build "stand-alone" desktop applications, but readers also learn how to integrate Access applications with Web Services, and SQL Server.
