A reality-bending adventure from a Newbery Honor-winning author

Siblings India, Finn, and Mouse are stunned when their mom tells them they are flying that night--without her--to their Uncle Red's home in Colorado. But things take an even more dramatic turn when their plane lands in a very unusual place. A mysterious driver meets them at the airport; when he drops them off at their "destination," each kid suddenly has a clock with a different amount of time left. If the time runs out, they have to become permanent citizens in a place they don't recognize or understand. Only if they work together can they call the driver back to help get them where they really belong. Suspenseful, funny, dramatic, and thought-provoking, this is a book that will stay with you long after you read the incredible ending.
