There comes a point in your writing where you may feel like you're stuck. Every idea you have seems terrible and you find yourself erasing your words as soon as you write them. What Happened Next? will spark your imagination and kick your writing into overdrive.

Here's How the Book Works:

There are ten chapters, each consisting of a different topic or category, consisting of twenty questions each. The questions range from serious to completely ridiculous.

I'll present a question related to the chapter's category followed by the question, what happened next? Your mind will race with new ideas. Your brain will begin to work overtime, concocting schemes, ideas, and characters based off of your answers. You'll find that writer's block is sitting on the curb, crying hysterically while you write your masterpiece without it.
