## Handbook for Small Science Centers

There has been, and continues to be, an explosion of interest in developing new small science centers that is changing the world of museums. This handbook is designed to be a one-stop source for future and current centers, and anyone interested in the important roles these institutions play in their communities. With articles all written by leaders in the field covering everything from administration, staffing, finance, marketing, exhibit design, and beyond, this comprehensive resource will be essential reading for institutions that are operating successfully, struggling to survive, and those planning major expansions.
