Derek Smith is a well established and successful doctor, but his grueling schedule leaves him in need of a desperate vacation from work. He takes up on a charity mission to an exotic locale.

There he meets Allan Dwight, another doctor like him, and together they explore the natural wonders of a new world as they go about helping the local population. But they hadn't quite expected someone like the exquisitely beautiful and inexperienced Mila, who agrees to show them around her native land. And is that all she has in mind to show them? Or will her tempting figure and coy mannerisms lead to an entirely different kind of examination?
