## **The Cancer Handbook: What's Really Working (What Doctor's Don't Tell You)**

A diagnosis of cancer can be frightening. The actual disease is upsetting enough, but you also may have concerns about the dangers posed by treatment. For many potentially fatal cancers, treatments such as chemotherapy can be completely useless. But where can you turn for reliable information about alternatives that work? You can turn to *The Cancer Handbook*, which brings all the facts you need to know together in one pocket-sized volume.

In this unique book, you will discover when chemotherapy, radiation, and surgery work, and when they don't. You will also read about alternative treatments and the scientific evidence that backs these methods. But *The Cancer Handbook* isn't just for cancer patients. It also presents invaluable advice for preventing cancer before it develops. Here is an important book for everyone who has cancer, everyone who loves someone with cancer, and everyone who wants to avoid getting this insidious disease.
