Asperger's Syndrome and Adults... Is Anyone Listening? Essays and Poems by Partners, Parents and Family Members...

The difficulties faced by people with Asperger Syndrome (AS) cannot be underestimated, but the emotional problems experienced by those around them - partners, family and friends - are often overlooked. Focusing on what is referred to as the Cassandra phenomenon, where the neurotypical partner often needs more emotional guidance than the AS partner, this volume gathers together letters, thoughts and poems to give voice to the loneliness, frustration and love felt by many individuals who are close to one or more people with AS. This collection provides the emotional support, insight and understanding needed to deal with the emotions that AS evokes within close relationships.

FAAAS Inc. (Families of Adults Afflicted with Asperger's Syndrome) aims to offer support to the family members of adult individuals afflicted with Asperger's Syndrome.
