Listening In: Radio And The American Imagination

Susan J. Douglas

Listening In: Radio And The American Imagination Susan J. Douglas

Few inventions evoke such nostalgia, such deeply personal and vivid memories as radio—from Amos 'n' Andy and Edward R. Murrow to Wolfman Jack and Howard Stern. *Listening In* is the first in-depth history of how radio culture and content have kneaded and expanded the American psyche.

But *Listening In* is more than a history. It is also a reconsideration of what listening to radio has done to American culture in the twentieth century and how it has brought a completely new auditory dimension to our lives. Susan Douglas explores how listening has altered our day-to-day experiences and our own generational identities, cultivating different modes of listening in different eras; how radio has shaped our views of race, gender roles, ethnic barriers, family dynamics, leadership, and the generation gap. With her trademark wit, Douglas has created an eminently readable cultural history of radio.

"Douglas's wonderful book offers a sophisticated history of radio listening." —*Journal of American History*
