Air Transportation: A Management Perspective

Alexander T. Wells

Air Transportation: A Management Perspective Alexander T. Wells

This is an introductory book written to impart to the student a broad understanding of the air transportation industry and the management functions within an airline. Its sophisticated and clear treatment of the material permits a wide range of flexibility and encourages student interest in keeping abreast of current information in the field. It presents the basic concepts and problems facing the industry in a straightforward, logical way and promotes student interest by providing up-to-the-minute information in the field.
