Glacier Day Hikes: Now With GPS Compatible Maps Alan Leftridge

Glacier Day Hikes is your all-inclusive guide to 34 of the park's most spectacular day hikes. Author **Alan Leftridge**, a ranger and naturalist who field-tested each hike, describes and interprets the wonders you'll find along the trail.

At-a-glance information for each hike assists you in choosing those best suited to your ability and interest. A special color section gives you a preview of some of the majestic scenery you'll experience.

This newly revised edition features elevation gain/loss information for each trail, as well as GPS-compatible maps.

- 34 of the park's best short hikes
- simple directions to the trailhead
- trail descriptions and tips
- easy-to-read, GPS-compatible maps
- information on level of difficulty, distance, elevation gain/loss, best time of year, and more
- 11 black-and-white photographs
- 31 color photographs

From reader reviews:

Robert Crawford:

As people who live in often the modest era should be revise about what going on or info even knowledge to make them keep up with the era and that is always change and progress. Some of you maybe will certainly update themselves by studying books. It is a good choice in your case but the problems coming to anyone is you don't know what one you should start with. This Glacier Day Hikes: Now With GPS Compatible Maps is our recommendation to make you keep up with the world. Why, as this book serves what you want and need in this era.

Ruby Pritchett:

Information is provisions for anyone to get better life, information currently can get by anyone with everywhere. The information can be a understanding or any news even an issue. What people must be consider if those information which is from the former life are challenging to be find than now's taking seriously which one works to believe or which one typically the resource are convinced. If you obtain the unstable resource then you understand it as your main information there will be huge disadvantage for you. All of those possibilities will not happen inside you if you take Glacier Day Hikes: Now With GPS Compatible Maps as the daily resource information.

Dominic Maddock:

Reading a e-book can be one of a lot of task that everyone in the world likes. Do you like reading book so. There are a lot of reasons why people fantastic. First reading a e-book will give you a lot of new facts. When you read a publication you will get new information mainly because book is one of various ways to share the information or even their idea. Second, examining a book will make an individual more imaginative. When you reading a book especially fiction book the author will bring you to imagine the story how the personas do it anything. Third, you can share your knowledge to other people. When you read this Glacier Day Hikes: Now With GPS Compatible Maps, you may tells your family, friends along with soon about yours publication. Your knowledge can inspire the others, make them reading a reserve.

Karen Johnson:

Exactly why? Because this Glacier Day Hikes: Now With GPS Compatible Maps is an unordinary book that the inside of the guide waiting for you to snap that but latter it will jolt you with the secret it inside. Reading this book close to it was fantastic author who else write the book in such incredible way makes the content inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this anymore or you going to regret it. This excellent book will give you a lot of gains than the other book have such as help improving your proficiency and your critical thinking technique. So , still want to delay having that book? If I had been you I will go to the guide store hurriedly.
