Dawn Summers is dying. It's 1853 and as the seventeen year old continues to fade away she has visions of the father she never knew, urging her to fight for her life.

In the small village of Fandova the only medical care is in the form of the mysterious Dr. Moralus who has a known penchant for bloodletting. Thomas, Dawn's fiancé, is warned against inviting his intervention, but feels he has no choice, he pleads with the doctor to save Dawn's life...whatever it takes.
