Critical Care Medicine Review and Self-Assessment, 1e

Joseph Parrillo, Phillip Dellinger

Critical Care Medicine Review and Self-Assessment, 1e Joseph Parrillo, Phillip Dellinger

Perfect for review. Ideal for preparing for certification and recertification exams. Here's a comprehensive review of critical care in a question-and-answer format that covers all of the areas addressed on board exams. Single-best-answer or matching questions parallel those used in the exams. For each chapter, five questions focus on important principles of diagnosis and management. In-depth answers and rationales feature additional tables and illustrations to reinforce learning. Page references to *Critical Care Medicine: Principles of Diagnosis and Management in the Adult, 2nd Edition*, by Joseph E. Parrillo and R. Phillip Dellinger, make in-depth information easy to find. As a stand-alone resource, or in conjunction with *Critical Care Medicine*, it's the field's best self-assessment resource.

- Uses a question and answer format to review all of the information needed to prepare for certification and recertification exams.
- Models the questions after the single-best-answer or matching questions used on exams.
- Features questions written by a select group of writers experienced in writing board review questions.
- Provides detailed answers and rationales for each question.
- Includes diagrams and tables not available elsewhere.
- Keys answers to specific pages in *Critical Care Medicine: Principles of Diagnosis and Management in the Adult, 2nd Edition*, making it easy to find more information.
- Organizes the content by organ system.

With 5 additional contributing experts.

The printed and e-book are not different in the content material but it just different by means of it. So , do you even now thinking Critical Care Medicine Review and Self-Assessment, 1e is not loveable to be your top checklist reading book?

Patricia Rivera:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Critical Care Medicine Review and Self-Assessment, 1e can make you truly feel

more interested to read.
