## **The Spiral of Silence: Public Opinion - Our Social Skin, 2nd Edition** Elisabeth Noelle-Neumann

In this work, Elisabeth Noelle-Neumann examines public opinion as a form of social control in which individuals, almost instinctively sensing the opinions of those around them, shape their behaviour to prevailing attitudes about what is acceptable. For the second edition, Noelle-Neumann has added three new chapters: the first discusses new discoveries in the history of public opinion; the second continues the author's efforts to construct a comprehensive theory of public opinion, addressing criticisms and defences of her "spiral of silence" theory that have appeared since 1980; the third offers a concise and updated summary of the book's arguments.
