The Second Edition of this book deals with many developments occasioned by the so-called "war on terror" of the last few years. This edition necessarily deals with unauthorized surveillance, the torture controversy, targeted killings, and military detentions. To advance the rule of law while promoting security of the populace, the book addresses these areas:

–Military and executive detentions without trial and the operation of military tribunals.

The book concludes with opinions from the Supreme Court of Israel, the U.K. House of Lords, and the Supreme Court of Canada that focus explicitly on claims for emergency power to derogate civil liberties.
