This edition has been revised and updated as of January 24th, 2015.

When Roman wakes from a six month coma, the first thing he sees is the girl of his dreams. Except Bryn isn't confined to the dream-state anymore and neither is he. He's awake and alive and as the memories of how he and Bryn fell in love come rushing back, so do the memories of why he's lying in that hospital bed in the first place.

Plagued by guilt, Roman makes a decision that alters both their fates and as Bryn fights for her life in a German hospital, Roman must fight for her forgiveness before it's too late. Because Roman and Bryn weren't the only things to wake out of Bryn's dreams. The shadows seem to be hunting them both and a strange side effect of Roman's miraculous recovery may be the only means of stopping them. That is, if he can reach Bryn before she slips too deeply into the very dreams that seem to be imposing more and more on their waking lives every day.
