After thousands of years, humanity has reached the stars. In less than one, they could lose it all. For Lieutenant Cameron Davis, the day begins like any other: with a hangover. Sitting in the crowded mess and nursing a cup of coffee, he has no idea that his entire world is about to be upturned. Two alien races, the Nangolani refugees and the Boxti horde, descend on Earth and continue their century-old battle. Humanity barely has time to catch its breath before first contact becomes total war. Now the target of annihilation at the hands of the powerful Boxti armada, Earth hastily joins in an alliance with gray-skinned aliens. But will it be enough to stop the oncoming swarm? And amidst the chaos in the skies overhead, a darker threat is lurking within. A group known as the Red Hammer has been waiting for an opportunity to emerge from the shadows, and their time has arrived. Will the mighty Fleet stop the superior alien threat, or will the sun finally set for humanity? Follow an ensemble cast of soldiers, politicians and rebels as humanity fights for survival in the first chapter of this epic trilogy.
