The book's colorful pages are filled with practical designs that Judd has created and built over years of workshops, homesteading, and running an edible landscaping business. Though geared toward suburban gardeners starting from scratch, the book's designs can be easily grafted to the micro-habits of the urban landscape, scaled up to the acreage of homesteads, or adapted to already flourishing landscapes. *Edible Landscaping with a Permaculture Twist* is a tool to spark and inform the imagination of anyone with a desire to turn their landscape into a luscious and productive edible Eden.
