Iceland Needs Women 1:

Rebecca Greens life is in a holding pattern.

Her love life is in tatters after a succession of disastrous dates and she is surrounded by immature bullies in her dead end job. She knows her life is in need of a serious shake up.

Fifty kilometres from the arctic circle a small Icelandic fishing village lies nestled in a deep and majestic fjord. For decades the town has struggled with a diminishing population, and now the final straw has been dealt by the landowners.

If more women don't move into the male dominated town in the next three months all residents will be forced out of their homes.

Siggi Thorsson a hard working fisherman has lived his whole life in the fjord and has no intention on leaving it behind. Broken hearted and with a past that still haunts him, Siggi is unaware that a woman thousands of kilometres away might be the first ray of warming sun that the town needs.
