The history of the world is the history of warfare and this warfare for countless generations has been followed by music. Musicians and bands have always followed troops into battle to inspire them to perform great and heroic deeds. This book looks at the popular music that was inspired by the Great War (WWI) and WWII. The popular music of these times was a great comfort to many people in many different situations. The songs had the power to invoke emotion to make you feel sad, proud, defiant or happy depending on your circumstance. Many of the songs that became famous during WWII had already been made popular during WWI, such as, "Rule Britannia" and "Pack Up Your Troubles in Your Old Kit Bag", as well as songs vilifying the enemy. Some of the songs were also taken from the enemy, such as "Lili Marlene", and then translated in order to boost morale amongst our own troops and as a propaganda move against the enemy. For the generations who lived through these wars this book will bring back memories and for the rest of us it will remind us of an era of great courage.
