Little Ship, Big War: The Saga of De343 Edward P. Stafford

Manned almost entirely by reservists, the USS *Abercrombie* (DE343) and her sister ships did the dirty work of the Pacific War. They escorted convoys, chased submarines, picked up downed pilots, and led the landing craft to the invasion beaches, yet they received little credit and less glory. This book is a stirring tribute to their heroic efforts, written by a naval officer who served in the *Abercrombie* during the war and later became a best-selling author. First published in 1984, it has long been acclaimed for presenting a view of the navy as the sailors actually saw it--the joys and pains, the humor and gravity, the successes and defeats.

Ed Stafford provides an authentic, day-by-day account of life on board DE343, from the Battle of Leyte Gulf and picket duty against kamikazes at Okinawa to the signing of the peace treaty in Tokyo Harbor. To create an accurate picture he consulted ship logs and after-action reports and interviewed members of the crew. Although the book focuses on events in a particular warship, it tells the story of every small ship and their valiant crews that rose to the challenge and fought with everything they had until the war was won.
