Moravian Christmas in the South Nancy Smith Thomas

This inviting book explores the Christmas celebrations of the Moravian Church in the South, whose members were marking the holiday as early as the 1780s in ways recognizable to modern Americans. This abundantly illustrated volume explores the many facets of traditional Moravian Christmas celebrations, including decorations (such as the idiosyncratic "Putz"), food and beverages, gifts, services, and music. Thomas discusses how these traditions evolved over time, within and outside the Moravian communities, as well as how certain non-Moravian Christmas traditions were incorporated into the Moravian customs. Includes 128 color illus.
