## Type 2 Diabetes Mellitus:: An Evidence-Based Approach to Practical Management (Contemporary Endocrinology)

In this practical book, the authors of each chapter have synthesized the currently available evidence regarding specific issues in diabetes care. The chapters have been written by an interdisciplinary team of scientists and medical professionals. Such an approach emphasizes the need for collaboration in the care of any individual with diabetes and in the effort to find new therapies for the disease. This reference provides practical guidance in a single resource.
